solutions in
more than 60
cities.

**Let's go straight
to the point.**

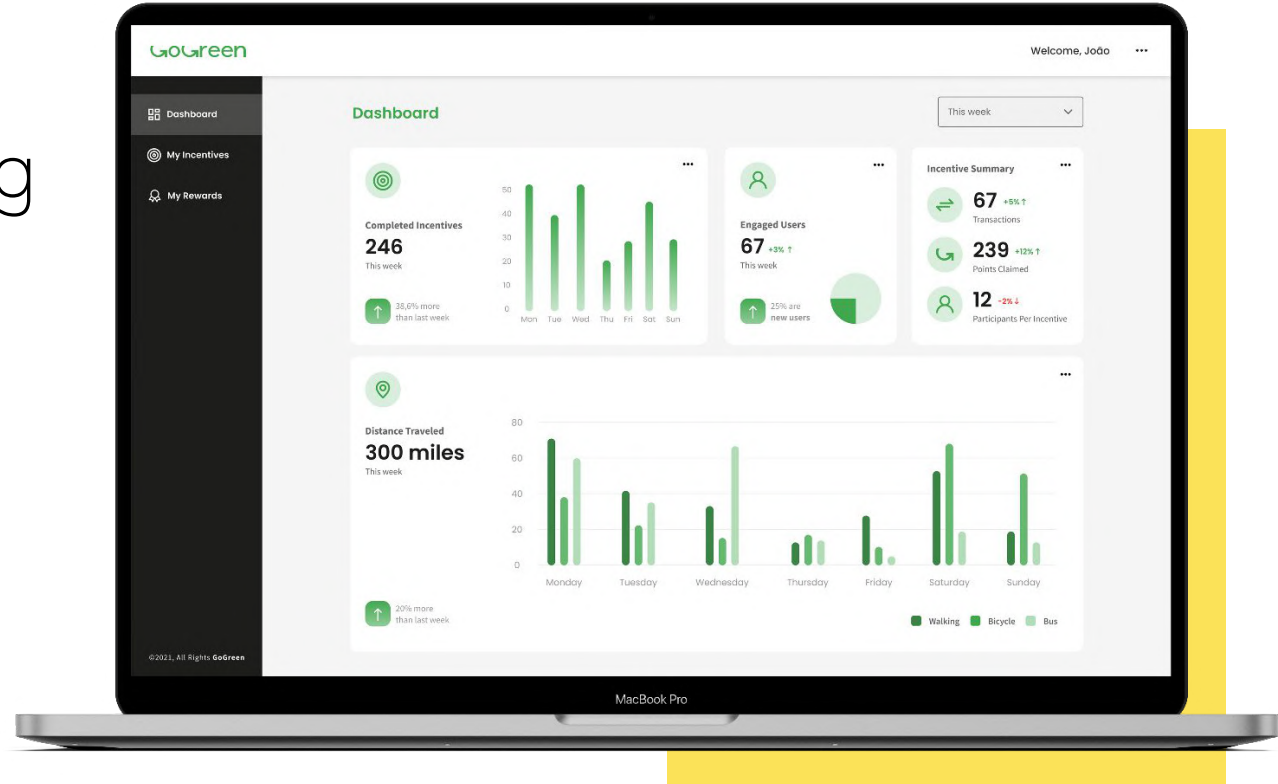

ubiwhere

Creating awareness of carbon footprint and **engaging sustainable behaviours.**

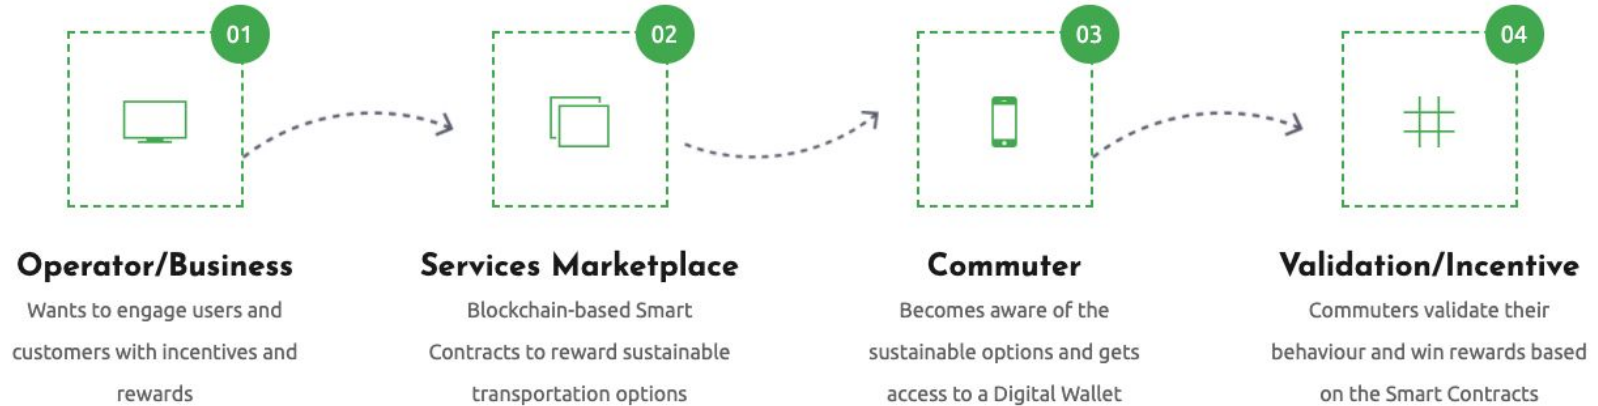

ubiwhere

Understanding
the **mobility**
patterns and
which
incentives
work.

How GoGreen Works

ubiwhere

Already a reality,
looking for more
opportunities.

ubiwhere

Suiting the
future of smart
communities.

+ real-time data
collection and
analysis

+ collaboration with
public authorities for
optimal logistics

+ improving traffic
flow and reducing
GHG emissions

We're here for
the long run.

Let's create
something
together

ubiwhere

Let's go for it?
